

# NEWSCAST IDEAS: R is for Rocks

Why are there rocks and minerals in the museum?

---

---

How can a rock tell a story?

---

---

What are the three types of rocks?

---

---

---

What materials make a rock?

---

---

What are crystals?

---

---

How are crystals formed?

---

---

## NEWSCAST

Choose an artifact from the rocks and minerals exhibit. Tell that rock's story. What color is it? How was it made? Where is it found? Does it have any uses? Does the rock or mineral make a social or cultural impact on society?
